

2026/2027 ANNUAL NOTIFICATION OF RIGHTS REGARDING MEDICAID CONSENT

The Individuals with Disabilities Education Act of 2004 (IDEA) permits school districts to seek reimbursement from Medicaid for services provided at school (Title 34, section 300.154.(d)(2)(iv)(A)-(B) Code of Federal Regulations [CFR]). School districts are also allowed to seek reimbursement from Medicaid for services provided to students under the Florida Administrative Code Medicaid rule for school-based services (Rule 59G-4.035). Services may include speech, physical/occupational therapy, behavioral, nursing and transportation services. Prior to seeking reimbursement, the school district must obtain parental consent to share information contained in your student's education records in order to determine eligibility status. You will be asked to give consent when completing your student's emergency medical information in FOCUS.

This notification informs parents of their rights regarding the disclosure of personally identifiable information which may include your student's name, date of birth, address, primary special education disability (if applicable), Social Security Number (if provided by the parent) and the dates and times of health care services provided to The Florida Agency for Healthcare Administration. This agency manages our public insurance program (e.g. Medicaid). Sharing this information allows the school district to obtain eligibility information, seek Medicaid reimbursement, and satisfy compliant audit and review requests directly related to services provided to your child. Jefferson County School District regularly works with this agency to obtain a share of the cost for health-related services outlined in the Individualized Education Program (IEP), as well as non-IEP medically necessary and related services.

We must inform you that:

- This consent will not impact your child's Medicaid coverage;
- Consent can be withdrawn at any time;
- Services listed in your child's IEP or other health plans will be provided at no cost to the parent or student;
- Services listed in your child's IEP or other health plans will be provided regardless of your consent to bill Medicaid;
- Upon request, you may receive copies of records disclosed pursuant to this authorization;

The District relies on Medicaid reimbursements to support the delivery of health care services in Jefferson County Schools. We appreciate your cooperation and support.
